(Please write your name as you prefer it to appear on a *nametag* – not your entire formal name)

School Name _____

School Address _____

City, State, Zip _____

Primary Personal Phone _____

School Phone and ext _____

Email address(s) _____

Current Teaching Position (grade level, subject area) _____

Short Answer Questions: *please answer on additional sheet(s) of paper*

1. Have you previously addressed environmental topics with your students? In what ways?
2. Regarding environmental topics, do you feel you are adequately supported in terms of curriculum availability and necessary equipment (labs, technology, professional network)?
3. It is expected that attendees will share the Key Issues experience with their funder. Are you willing to communicate with your funder about your Key Issues experience? Will you work with your funder to publicize this sponsorship/experience? How will you offer your funder tangible feedback on student outcomes, once you implement Key Issues curriculum?

Upon completion of the Key Issues Institute, participants are asked to implement an issue investigation with their students, to conduct one in-service training, and to provide feedback to Keystone. Participants must have the support of their school administrator to attend *Key Issues* and to implement the above in the following year. **Please enclose an endorsement letter from your school administrator with this application.** *Please submit this application to Wendi Liles at wliles@keystone.org – or mail to the address above.*
